

Frequently Asked Questions (FAQ)

1) *What does the MHLA newsletter mean by “CPs will no longer have to process renewals”?*

A. All active participants have been extended until January 31, 2024. The One-e-App system’s logic has been changed so that the coverage end date for all eligible participants and new applicants, re-adds, and modifications will be January 31, 2024, regardless of when they applied.

2) *Can a participant request to be disenrolled even if they have been extended until January 31, 2024?*

A. Yes, participants can still disenroll voluntarily, such as if they want to receive both primary care or specialty care at DHS or if they become eligible for private insurance or Full-Scope Medi-Cal.

3) *Why won’t we be able to process MHLA Renewals?*

A. Since all participants were extended through the end of the program there will be no need to renew. Please continue to inform our participants that My Health LA will be ending on January 31, 2024. Encourage all our participants to apply for Restricted-Scope Medi-Cal as soon as possible – and please help them apply. That will make it easier to switch to Full-Scope Medi-Cal in January 2024.

4) *Is MHLA sunseting on 1/31/2024?*

A. Yes. In January 2024, all low-income Californians will qualify for Full-Scope Medi-Cal regardless of immigration status. My Health LA participants should apply for Restricted-Scope Medi-Cal as soon as possible. That will make it easier to switch to Full-Scope Medi-Cal in January 2024. Please continue to encourage them to apply for Medi-Cal and assist them with the application if possible.

5) *What happens to participants who are turning 50?*

A. The participants will continue to be eligible for the program until they turn 50. The system is programed to disenroll anyone turning 50 on the last day of their birth month.

7) *Will MHLA be sending correspondence to inform members of the recent changes and to apply for Medi-Cal?*

8) *When is the last day to enroll in the My Health LA program?*

A. The last day to enroll in MHLA is the end of this calendar year, December 31, 2023.

9) *Will participants continue to be allowed to request a Medical Home change?*

A. Yes, the Medical Home change policy remains, and participants may continue to request a Medical Home change until 12/31/2023.

10) *Who do we contact if the end date is not 1/31/2024 and the applicant is not turning 50?*

A. All participants should have the end date of 01/31/2024 unless they were disenrolled for a valid reason (i.e., they moved out of LA County, are over income or turned 50). If there is an error on the end date of an application, please contact the Subject Matter Expert Line (SME Line) or your assigned SME, so that we may review and take any action if necessary (833) 714-6500.
